

8th City Council District

Tamika Humphreys (D)

My name is Tamika Humphreys and I'm running for City Council in District 8.

As a Girl Scout Leader in District 8, I see my girls struggle in school, so I'm looking to partner with the Department of Education, to make sure our teachers have the tools they need to identify each student's needs.

I also believe District 8 should have a safe living environment for everyone.

I would like to see the community come together and help each other out.

If elected, I would like to host monthly meetings where the neighborhood gets together.

I also believe that our small businesses should have the resources they need to hire District 8 residents.

This will help our residents be able to provide for their families.

I will work on getting the minimum wage increased, so we can truly be there for our children when they need us.

My name is Tamika Humphreys, City Council Candidate for District 8.
