

thanks for sending me the information, sorry that I can't open it as I just returned from a holiday vacation.

here is the problem with the City Council term limits and its votes, campaign contributors are hesitant in donating to the campaign in fear that if term limits are extended then what will happen with the money that they gave.

which leaves us without any funds in case term limits fall apart, and we need the help and guidance from the CFB on how to proceed.

also, if there is a way to send me the full text on mail would be greatly appreciated.
